Dear Sir Madam,

Many thanks for your enquiry for motorcycle training. I have enclosed my pamphlet in which you will find details of training available, together with more useful information.

Training is normally restricted to two candidates on a course, **so please return your completed booking form as early as possible to ensure that the dates you require are still available**. The course will last between four and six hours, normally starting at 9.00 am; but can be varied by mutual agreement.

Your course will follow where possible the recommended syllabus laid out by the Driving Standard Agency which will include: basic machine checks, riding theory and practice, defense riding techniques and also the Highway Code and other motorcycling matters.

Please note that if you require the use of our training machines, the rate includes fully comprehensive insurance and fuel costs. I also refer you to our terms and conditions, a copy of which is available for your perusal with your instructor.

Courses normally start at **9.00 am** and finish at approximately **2.00 pm**, but can be varied by mutual agreement.

Please phone for up to date information on available courses. If you have any problems or require further information at this stage, do not hesitate to contact me.

Yours sincerely

Rob Reed
